

Roman Krasnoperov

Education:

- Post-graduate studies at the Moscow State University of Geodesy and Cartography (MIIGAiK) (2007–2010);
- Geodesic faculty of the Moscow State University of Geodesy and Cartography (MIIGAiK) (2002–2007). Engineer in “space geodesy” (2007).

Foreign languages:

English.

Degrees:

- Ph.D. in physics and mathematics, specialty “Geophysics, geophysical methods of mineral exploration”, Schmidt Institute of Physics of the Earth of the Russian Academy of Sciences (2012).

Positions:

- Geophysical Center RAS, senior researcher (2013);
- Geophysical Center RAS, researcher (2007–2013).

Research:

- Geodetic support for development of geomagnetic observatories of the Russian-Ukrainian segment of INTERMAGNET (since 2009);
- Application of methods of space geodesy (GNSS) for the analysis of movements and deformations of the Earth's surface (2008–2012);
- Application of GIS to collect, store and analyze data of Earth Sciences (since 2007).

Research and management:

- Member of the CODATA working group on the Earth and Space Science Data Interoperability (since 2011);
- Delegate of the Section of Geodesy at the meetings of the International Association of Geodesy (IAG) of the International Union of Geodesy and Geophysics (IUGG) at the 25th General Assembly of IUGG in Melbourne, Australia (2011);
- Secretary of the National Geophysical Committee of RAS (since 2009).

Tuition:

- Visiting lecturer at the Moscow College of Geodesy and Cartography (MIIGAiK) (2008–2010);
- Post-graduate student of the Higher Geodesy Department of the Faculty of Geodesy (MIIGAiK) (2007–2010).

Publications:

- More than 20 publications in Russian and foreign scientific journals;
- Participated in more than 25 Russian and international scientific events.
